Scholarship:

James Hankowski, CPA

PROGRAM TOPIC & CONTENT:

Protecting your club's network and reputation – a panel discussion.

LEARNING OBJECTIVES:

Often controllers and club managers are faced with the threats and reality of physical and cyber threats to their network. Our speakers will break down the basics of keeping your club safe from these threats and attacks. This session will reveal and explain in plain English the methods and strategies hackers use to compromise your club, other private data and how to block them. Included will be discussions of the Security Cameras network, Access Control Systems, Phishing, Ransomware; how to better secure your property's infrastructure to prevent costly breaches; how to deal with the dangers of ransomware; and what you can do now to protect your club from hackers, phishers, extortionists, and other cybermiscreants. Attendees will gain a newfound understanding of physical, cybersecurity and associated best practices to better protect their members, guests, employees, and sensitive data.

Speaker Bios:

Mitchell R. Fenton, CPP has an extensive and diverse background in law enforcement, physical security and security management with over 25 years of service in protecting, teaching, consulting, writing and managing police and security operations across the United States and Internationally. His career in security started with positions ranging from nightclub doorman to contract security officer for local shopping malls and hospitals.

Mr. Fenton's expertise and experience in the golf and private club field has led him to become a sought after consultant. Mr. Fenton founded Front Gate Security Consultants, LLC to provide specialized security services to the golf and country club field. Mr. Fenton has performed security reviews for a number of private golf and country clubs in the tri state area and across the United States. Mr. Fenton has also been invited to speak at several national conferences for the Club Managers Association of America on safety and security issues affecting golf clubs, country clubs and private clubs. Mr. Fenton has also been affiliated with several other elite security-consulting firms such as Resorts Security International and Strauchs, LLC for his expertise in golf and country club security.

Krystal Triumph is the Vice President of Atlantic-IT.net, a provider of comprehensive outsourced IT, security, and consulting services. She is the Past President of the Mid Jersey HFTP chapter, a Goldman Sachs 10k SB Alumni, Rutgers University graduate and holds certifications from leading technology providers such as Microsoft, SonicWALL, and Avaya. In addition, has earned the CHTP designation from the Hospitality Financial and Technology Professionals organization and the American Hotel & Lodging Association. Ms. Triumph has extensive experience and has expertise in assisting golf and private clubs secure their technology landscape and mitigate security risks. Ms. Triumph has also been invited and spoken at the Hospitality Financial and Technology Professionals national conference.
